

Kilimanjaro Specialty Coffee

Premium artisan and specialty Arabica & Robusta, fully traceable from farm to cup.

Origin: Tanzania — Northern and Southern highlands

Quality

- SCA cupping score 80 or above, with documented Q-Grader assessment.
- Screen-size grading and defect control to SCA green-coffee standards.
- Traceable altitude, region, botanical variety and post-harvest process (washed, natural, honey or pulped natural).
- Moisture and water-activity control at origin.
- Mycotoxin / ochratoxin A management aligned with EU mycotoxin regulations and Codex CXC 69-2009.
- Salmonella controls; pesticide MRL compliance verified against the EU pesticide database.

Quantity

- Container lots negotiable by destination and grade.
- Sample lots from 60 kg.
- Micro-lots available from individual AMCOS and washing stations for specialty roasters.
- Volumes secured through producer organisations across the Northern and Southern highlands.

Certificates

- SCA 80+ cupping documentation and Q-Grader report.
- EU Organic / Rainforest Alliance / Fairtrade options available.
- EUDR-ready geolocation and traceability data for deforestation-free supply chains.
- Social-sustainability documentation aligned with CSDDD due-diligence expectations.
- ICO identification code on export labels.

Packaging

- Jute / hessian sacks, 60 kg standard.
- GrainPro-lined bulk bags for moisture and quality protection.
- Custom roast-ready micro-lots on request.
- Lot traceability from washing station to export bag; ICO code on export labels.

Prices

- Pricing is quoted per lot against current origin market levels, quality grade and destination — indicative offers issued within 2 working days of enquiry.
- Quotation basis: FOB Dar es Salaam, CFR / CIF EU port, or DAP buyer warehouse (Incoterms 2020).
- Offers valid 7 calendar days unless otherwise stated; contract pricing available for annual volume commitments.
- Payment terms: 30% advance on contract, balance against copy documents, or irrevocable L/C at sight. Alternative terms negotiable for repeat buyers.

Delivery terms

- Incoterms 2020: FOB, CFR, CIF or DAP as agreed in the sales contract.
- Port of loading: Dar es Salaam, Tanzania. Air freight from Kilimanjaro (JRO) available for samples and urgent lots.
- Standard lead time: 3–5 weeks from confirmed order and pre-shipment sample approval.
- Export documentation: commercial invoice, packing list, bill of lading, certificate of origin, phytosanitary certificate, laboratory analysis report and traceability lot sheet.
- Each carton carries a lot code with a QR link to the digital traceability record (GPS-mapped farm plots, harvest dates, lab results, certificates).

All specifications are indicative and confirmed per contract and pre-shipment sample. Prices and delivery terms are subject to written offer. Buyer-specific limits, certifications and packaging formats can be accommodated on request.
